

Join Alpha Networks and its partners at NAB Las Vegas: 3 companies you should not miss to visit while in Las Vegas

- **Alpha Networks** will showcase its latest Content Management System with new functionalities like nPVR, Live to VOD , **dynamic portal area** and **many more**. Discover our **tucano Experience** demo, which includes new apps for iOS/Android/STB, delivering a unique and personalized video experience to end-users.
- **Spideo** will reveal the reasoning behind recommendation intelligence - **using natural language** -, in order to provide trustworthy and personally relevant suggestions, easily understood by end users. Come and check the **algorithm** that does not require any sensitive user data to provide personalization content.
- **Veygo** will demo the new version of its **Meta_Player**, an advanced multiscreen user experience solution supporting **multi DRM** and **Watermarking**, **Native+HTML5 Apps**, DAI, SMPTE-TT subtitles, VR360 and Hybrid delivery, also embedding a real-time QoS and consumer behavior Analytics engine.

Find Alpha Networks, Spideo, Veygo at booth #SU 9105CM. Use the button below to book a meeting with us.
